## Principal's Message

Dear Parents and Carers

**This morning, NSW Health confirmed that there is a positive case of COVID-19 at St Margaret Mary's Primary Merrylands.**

Of course, supervision will be available for all students for the remainder of the day. The school will be closed for deep cleaning. We will keep you updated about when the school will reopen.

As soon as we were contacted by NSW Health, we began working closely together to identify students or staff who have had 'close contact' with the person who has COVID-19. NSW Health will conduct 'contact tracing' and will notify close contacts and advise them about what they need to do next. **Students and staff must self-isolate until receiving further advice from NSW Health or a communication from the school.**

**If you need help with translation and interpreting from English, you can find help [here](#). The 24-hour phone number for immediate interpreting help is 131 450.**

Please check regularly for symptoms of COVID-19. These symptoms include fever, cough, sore throat or shortness of breath. If your child/children develop these symptoms, please see a doctor (call ahead to alert your doctor about the possibility of COVID-19 before visiting and take this letter with you) or go to a COVID-19 testing clinic. We understand NSW Health is setting up a new pop-up clinic in Merrylands. We will keep you updated about where that will be located. You can find a full list of the clinics [here](#).

If your child/children have a health condition or complex health needs, please discuss this with your medical specialist.

Further information about COVID-19 and updates are available from NSW Health at

<https://www.health.nsw.gov.au/Infectious/diseases/Pages/coronavirus.aspx>.

Thank you for your cooperation and understanding as we work together to put the health and safety of our school community first. Further information and updates are available [here](#). If you have any further questions that aren't addressed in the NSW Health resources please contact 1300 338 679.

Yours sincerely

**Kevin Mills**

### Drink Bottles

We have made adjustments to our bubblers, so children are able to refill their bottles when needed. It is wonderful to see so many children using their new drink bottles with their names clearly marked.

### Lunch Orders & Canteen

The school canteen is open to students during the day. All lunch orders **MUST** be ordered through the Flexischools online ordering and must be ordered by 9am.

### Skoolbag App

Our School Name for Skoolbag App is **SMMPM**.

The Skoolbag App is our main source of communication to our families. If you do not have this App on your phone you are missing out on a lot of information.

All year 6 students should have now enrolled in a high school for 2021. Parents of year 5 students are advised to start researching high schools for their child to enrol for 2022. ## Winter Uniform

All hairstyles should be appropriate to the students age and the schools expectations. Long hair must be tied back. Our Sun Safe program requires students to wear our school cap or hat when outside: **No Hat No Play**. These hats and caps are available at the school office. Sleeper earrings and stud earrings may be worn. Simple signet rings may also be worn. No expensive jewellery is to be worn at school.

This week I was in the Year 5 Learning Space and joined a discussion on 'What is Human Dignity?' The teacher and students identified that the evening news really only shared sad or bad events happening in the world. At this point the RE Unit in Yr5 "**Through the love of God and acts of kindness we respect the human dignity of all people**" gives great direction. We challenged the students to complete a GDoc listing the good things they do. It did not take long for the following list to appear in my inbox. ## Kindergarten Farm Incursion

Oink, Oink! All the Kindergartens were amazed when they saw all the animals sitting under the COLA! On Monday the 3rd of August, Kindergarten had an incursion when farmers came to our school and brought animals

with them as part of their unit about 'Living Things'. They had an amazing time and the best part was when they got a turn to pat and hold them. The children were so gentle when they got to hold the animals and they heard the baby chicks chirp-

ing like they were saying hello! They also saw ducks, pigs, sheep, goats, rabbits. The Kindergarten students got to dress up like farmers and participated in farm games throughout the day. They learnt a lot of new

things and so did the teachers!

Great photos, taken by Mrs Albertin, will be shared for all our community to see.

# Partnership

## Community Engagement

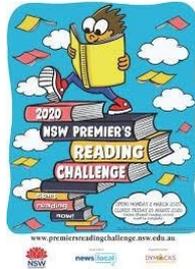

In the coming weeks we will be inviting students, teachers and parents to provide feedback on their experience of our school using an online survey. The surveys are an important part of our whole school evaluation and planning process.

We would like to invite you to complete the Tell Them From Me (TTFM) Partners in Learning survey. As we value the role of parents and carers within our school community we would greatly appreciate your feedback. The information you provide will be used to maintain our commitment to working together in partnership to further improve student learning and wellbeing at St Margaret Mary's Merrylands.

The survey is anonymous and will take approximately 20 minutes to complete. You will be able to access the parent survey on your computer or mobile device and the link will be shared in next week's bulletin.
