Teaching & Learning

Year 6

Year Six have been taking part in a Creative Arts program from CEDP throughout Term One. Mrs Ly from CEDP has been working with Year Six on developing our photography skills. We have learnt about focusing, composition, lighting and telling a story when taking photos. Our goal at the end of the program is to develop a series of photos based on the facial expressions of Holy Week. We are very lucky to be part of this program and thank Mrs Ly for her patience with us.

Year 5 Science Dioramas

WOW, have a look at those dioramas! They are AWESOME! This term, from Weeks 1-6, Year 5 have been working on the topic Desert Survivors in Science. In this unit, we have been looking at the structural and behavioural adaptations of different Australian animals and plants. These adaptations help them to survive in the desert climate. During the unit we even got to design our own animal or plant with their own structural and behavioural adaptations.

In Week 6, after studying a specific animal or plant, we finally got to make a diorama showing the desert environment and how our animal or plant survives there. We used a range of materials to help us build the environment, some students even used two boxes to make a double level diorama that showed how some animals burrow underground to make their homes where it is cool and out of the sun. Year 5 had a great time planning and building their dioramas!

Morning Assembly

This Monday was the beginning of Catholic Schools Week at St Margaret Mary's. Mrs Attard began by speaking about a program run by Mini Vinies where students gather plastic bottles and recycle them in the green bin with a yellow lid.

Following Mrs Attard, Miss Laguzza explained that the bottles MUST:

- Have the lid on them
- Have the label on them
- Not be crushed
- Not have any liquid inside them

After that, Mr Mills thanked all the children that participated in the Working Bee last Friday afternoon because they did a lot of work! The Year 5 and 6 children had to spread 8 cubic metre of bark in the gardens around the school using buckets and gloves.

Once all the children finished they all celebrated by eating sandwiches that were made by some students and teachers and they got to sip on juice poppers and ice blocks to cool off. On Friday this week, to conclude Catholic Schools Week we will have a whole school liturgy that everyone is welcome. After the liturgy there will be open classrooms and time for a picnic lunch with our families.

Delany College Principal Visit

Attention Years 5 and 6! On Thursday the 5th of March, Mr Easton the Principal from Delany College came to visit and talk to us about his school. He explained that the school is a high school for boys and girls. We got to ask him questions like what happens on the first day of Year 7? He explained that Year 12 students would take us around and teach us to read our timetables. Mr Easton explained that the school is very multicultural and helps students to find their passions and enjoy learning. It was great to be able to ask him questions that we have been wondering about high school!

Women In Sport

Reaching up to get the ball in the hoop, I went on my tip toes and got it in! On Thursday, 5th March, some girls in Year 5 and 6 had the opportunity to go to the Women In Sport program, to listen and talk with Paige Hadley. Paige is an international netball player who plays in the ANZ Championship for the Swifts. The Year 5 and 6 girls played a variety of games. At the end of the session we were allowed to get one of our books signed by Paige Hadley. Not only did we play games, but we also asked her questions about her life and how she fell in love with netball. The Year 5 and 6 girls had lots of fun that day, thank you to the teachers who helped to make this happen!
